

12th October, 1973.

The Rev. W. A. Doak,
P.O. Box 197,
BALLINA, 2478

Dear Mr. Doak,

In his absence from the office Bishop Shearman has asked me to reply to your Petition for a Faculty for the electric ceiling fan. He feels that since you have displayed a Notice of Intention and have received no objections that on this occasion he will simply give you his permission to have this fan installed without issuing a faculty because he feels it is a necessary furnishing for the church in such a warm climate. So you can go ahead and have this installed.

With best wishes.

Yours sincerely,

Q2
Registrar
