

Do you know of sexual abuse or sexual misconduct in the church?

The Anglican Diocese of Grafton takes all allegations of misconduct and abuse seriously and the Diocese has Professional Standards protocols to handle complaints of misconduct, including reporting crimes to Police.

Sexual abuse and assault are serious crimes and are to be reported to the Police. If you have a report of sexual abuse or assault, we encourage you to report this to Police.

Should you need assistance with reporting your allegations, there are support services available and you may contact the Director of Professional Standards. The Director can assist with understanding how to make reports, find support, and receive reports of non-criminal sexual misconduct.

Please phone **1800 370 757**

or email **dps@graftondiocese.org.au**

Your contact with the Director of Professional Standards will be treated with confidentiality.
