

Do you have information about past or present abuse or misconduct in the church?

The Anglican Diocese of Grafton does not tolerate child abuse or misconduct by clergy or church workers.

We therefore take all information, allegations and complaints of child abuse, sexual misconduct or serious breaches of the standards in Faithfulness in Service very seriously.

The Director of Professional Standards will respond to all allegations, information or complaint confidentially and is able to provide advice; immediate support; assistance with reporting to police or other authorities; and information about making a redress claim. All contact with the Director will be treated with confidentiality.

The first step in providing information, making a complaint or allegation or simply seeking advice is to call the Director of Professional Standards on:

1800 370 757

If you would prefer you can send an email to:
