Anglican Diocese of Grafton

Restructuring for Mission and Ministry
Worship Centre Review 2026/2027

Name of centre:	
Parish:	
Date of Review:	
2023 Data: Frequency of use for worship Average attendance per worship Frequency of other uses Description of other uses	
2026 Data: Frequency of use for worship Average attendance per worship Frequency of other uses Description of other uses	
Local leaders. List the number of: Clergy LLMs Chalice Assistants Others (*Only include those people for whom this is their primary centre*)	
Governance: Does the parish leadership have the capacity to meet the expected compliance requirements such as Safe Ministry and WH&S? Do people from this worship centre take their place in the governance of the wider parish through Parish Council membership etc?	
Ministry Action Plan: How does this centre feature in the Ministry Action Plan of the Parish? How does this Ministry Action plan engage with the local community? What aspects of the Ministry Action Plan would need to be revised if this centre ceased operating? Does the effort required to maintain this centre impede the living out of the Ministry Action Plan elsewhere in the parish?	

How does this Centre contribute to/enhance the mission and ministry of the wider Parish? What makes this Worship Centre distinctive from the other centre(s) in the Parish?	
Ministry Development: What developments have there been in the ministry from this centre since last review in 2023? What development in local leadership relative to this centre has taken place since the last review?	
Demographics: What communities do this centre serve? What is the combined population of those communities? What is the growth rate of the population of those communities? Is there anything distinctive about the composition of the local communities? Are these demographics reflected in those attending the worship centre?	
Buildings: Date of most recent assessment of the condition of the buildings at this centre? From that assessment, what is the estimate of the cost of bringing the buildings up to good condition? From that assessment, what is the estimate of the average annual maintenance cost for this property? Are there any improvements required to bring this property up to current standard (e.g. fire safety, ramps and other accessibility, toilets)? If so, what is the cost estimate for these improvements?	
Consideration of Alternatives: Have alternative uses or configuration been considered for this centre? If so, please provide details?	
Recommendation: What is Parish Council's recommendation regarding the future of this centre? Is this recommendation sustainable beyond the next 5 years? Please provide details supporting this recommendation.	
Consultation: The Parish Council must consult people whose primary place of worship is the	

centre under review. Please provide details of this consultation.	
Network: Has any consultation been held with other Parishes in your Network regarding the future of this Centre? If so, please provide details.	
Financial: What financial contribution does this Centre make to the costs of ministry in the Parish, over and above maintaining the Centre's buildings and grounds?	
Travel: How sustainable is the Sunday worship schedule for the stipendiary and non-stipendiary ministers of the Parish? Please include a description of the various worship times across the Parish together with associated travel times.	

If using a separate sheet of paper but please ensure all questions are answered and that the report is signed.
